Rent a Data Scientist

Buried by projects? Hiring freeze? Looking for new analytical skill sets? Mosaic's data scientists deepen your bench.

AI/ML Project Support

Let us cross that project off your to-do list. Mosaic expertly engages at any point in the analytics life cycle.

Production Grade Deployment

Mosaic expertly implements models at scale, integrating with your existing infrastructure, or building a custom AI-driven app.

How We Work With You

DATA SCIENCE

Hands-On Training

Looking to build a data science team? Let our customized training level set and level up your team.

Proof of Concept

Try us out with a small initial project to demonstrate Mosaic's speed to value. Typically 1-3 months from kickoff to model delivery.

Analytics Readiness Assessment

Mosaic provides analytics assessments, mentoring, and strategy consulting to help companies move confidently in today's fast-moving AI world.
